Dear Gerda

Appreciation for the ETQA Project work you College did for the TETA

I would like to commend you and your team for the work done at the TETA from April to September 2006.

I think your professional handling of the project contributed to a smooth and thorough process which reached its targets in good time. We appreciate the integrity and human relations your staff and associates exhibited under difficult circumstances during the project.

This project was certainly a learning experience for our team and I believe your team also gained much valuable experience. I will be happy to recommend the Assessment College services to other ETQAs who may experience a backlog in their work, or who need to outsource some of their ETQA functions.

This was truly a job well done, and I hope that the valuable experience and knowledge of your team will be used by other ETQAs in future.

Yours sincerely,

Melissa Erra
ETQA Manager
